REPORT

NexaSoul successfully organized UDBHAV: Frontend Fundamentals on 7 August 2026 at the B5A Seminar Hall, Chandigarh University, from 9:30 AM to 4:25 PM. The event was designed to introduce participants to the fundamentals of frontend development through an engaging, interactive, and practical learning experience.

The event featured a variety of interactive activities, challenges, and learning-based engagements that encouraged participants to explore web development concepts beyond traditional classroom learning. Participants actively engaged with the activities, demonstrated their creativity, and gained exposure to essential frontend development practices.

UDBHAV successfully created an energetic environment where students could learn, participate, connect, and compete while developing their interest in frontend technologies. The active participation and positive response from attendees contributed significantly to the success of the event.

Overall, NexaSoul UDBHAV served as a meaningful initiative toward strengthening students' technical foundations and inspiring them to continue learning, building, and innovating in the field of web development.
